Minutes of Meeting (MoM)

Date: 23 April 2026
Time: 10:47 AM – 11:50 AM
Meeting Title: Varkala Coffee Roasters – Navigation & Product Flow Updates

---

Team:

- Urmila
- Raj Shekar
- Sai tarun

Client:

- Ramya

Agenda:

- Review navigation updates
- Discuss product naming and user flow changes
- Review media assets and reference videos

Discussion Summary:

- The client requested terminology updates on the product details section:
    - Change **"Preparation Type"** label to **"Grind Size"**
    - Update product naming related to pizza items (names to be revised as per client direction)
- For the **Navbar Header, the client requested:**
    - Navigation links to be positioned slightly lower for improved alignment
    - **Pizza** navigation should **not** include a dropdown menu
    - Only **Bake House** should have dropdown links
    - Each Bake House dropdown item should be associated with **different videos** in the dropdown interaction
- For **Pizza/Burger ordering flow**, the client requested:
    - No cart flow for these items
    - When users click Pizza or Burger, they should be redirected to an **external link** instead
    - The redirect link will be shared by the client in the coming days

- The client specified that videos should focus specifically on **food preparation / making food** content
- The client also shared **reference videos** as creative direction for developing similar video presentation styles.

Decisions Taken:

- Rename “Preparation Type” to “Grind Size”
- Revise pizza product naming as per client direction
- Adjust navbar link positioning
- Keep dropdown functionality only for Bake House
- Implement external-link flow for Pizza and Burger instead of cart functionality
- Use food-making videos as the preferred video content style
